Capabilities Statement

Yeager Foot and Ankle Center INC. Doing Business as Yeager Foot and Ankle Center offers comprehensive diagnosis and treatment of lower limb disorders. Foot and ankle pain and loss of function can be significant obstacles in daily life, but experienced podiatrist, Susan Yeager, DPM, understands that restoring foot health and fitness is of the utmost importance. Conditions Dr. Yeager treats include warts, bunions, neuromas, athlete's foot, gout, toenail fungus, and plantar fasciitis.

Conditions Dr. Yeager treats include warts, bunions, neuromas, athlete's foot, gout, toenail fungus, plantar fasciitis, and ganglion cysts. Patients with diabetic peripheral neuropathy receive expert care in diabetic foot and wound care. At Yeager Foot and Ankle Center, we also provide custom orthotic shoe inserts and other essential items for foot care on-site. We are dedicated to offering the highest standard of podiatry care, ensuring every visit is straightforward, stress-free, and successful.
